

STOP ELVASTON CASTLE COUNTRY PARK ENVIRONMENTAL DESTRUCTION

**COUNTRY PARK – NOT CAR PARK!
SAVE OUR TREES AND WILD PLACES**

Object to the proposed new road through Elvaston Country Park.

Trees will be felled – wildlife disappear.

Traffic hazards and pollution will affect the once peaceful paths which you love.

Object to the planning application by Derbyshire County Council & E.C.G.T. when it is submitted later this year (22nd September?).

This hugely expensive (~10 million pounds) new access road is not necessary.

It would herald the beginning of the end for the Country Park as we know it and provide a foot in the door for future residential development.

If you want to object to the plan, please contact the Elvaston Parish Clerk (elvastonclerk@gmail.com) to go on the supporters list.
